

Prof. Thompson

The Old Teacher

“

I spent all my life teaching in my city's high school doing my best to guide my students to the hard world of job.

ACTIVITIES

Prof. Thompson is 67 years old and is the oldest teacher in the school. He prefer the old teaching methods to the modern electronic wizardry but anyway he continuously try to keep up with the new digital technology.

GOALS AND DESIRES

He is near the retirement and he would like to continue his work without spend to much time struggling with new technology.

DIGITAL TOOLS

[Which is or are the reference digital platform?]

NEEDS

- Prof. Thompson needs easy and clear instrument that allow him to teach to his students.
- He also needs easy ways to keep track of his lessons for the students but also for the school.

OBSTACLES AND FRUSTRATIONS

- Difficulties to use new digital devices.
- Mr. Thompson, also due to his age, has a bad eyesight. He won't waste time with small character and images.
